Dear Harold and Lillian, Dec. 13, 1988

I want to thank you again for your hospitality. Although my stay was brief it opened my eyes to many things I did not see clearly enough before. Along with this note I have enclosed a few pictures of my family. My wife's name is Hanh-Trang and the kids are Claire (6yrs) and Nicholas (3yrs). Also pictured in one of the photographs is my wife's mother. Finally, I thought I would enclose a copy of the letter Fletcher Thompson sent (which was in my mailbox when I came back from Frederick). Of course he answered none of the questions I put to him. Perhaps I will try one more time.

Best wishes and have a healthy and happy Christmas and New Year.

Yours,

Gerry

P.S. I will be sure to return your copy of Oswald in New Orleans sometime in the beginning of January.
